RAILROAD FEATHERBEDDING:

\$500,000,000 LOSS

TO THE NATION—INCLUDING YOU—EVERY YEAR

Featherbedding on the railroads - pay for work not done or not needed - is costing the American people the shocking total of more than \$500,000,000 a year.

You pay for it every time you shop, because featherbedding costs are hidden in the price of everything you buy.

Obsolete union work rules, involving the railroad operating employees, are responsible for this gigantic burden. Right now, for instance, these rules require every diesel locomotive to carry a fireman - even though diesels have no fires to stoke, no boilers to tend.

The forthcoming negotiations between the railroads and the unions are urgently important to the whole nation.

In asking the unions to drop these featherbedding rules, all the railroads ask for is a fair day's work for a fair day's pay.

Adult Safety Conference Scheduled By Mississippi Safety Council

The first statewide Adult Safety Conference ever to be held in the state has been scheduled by the Mississippi Safety Council, according to John C. Underwood, President of the safety organization. According to Underwood, the conference is designed to educate

leaders in all fields of professional activity to the need for a comprehensive safety program in their particular area of operation. The conference will be held in Jackson on November 4, in the

Heidelberg Hotel and will feature addresses by Lieutenant Governor- ed secretary to replace Mrs. W. elect, Paul B. Johnson, and Mr. G. were Mr. J. O. Blount and Mr. C. Stewart, Executive Vice-Presi- be installed with the new slate dent of the National Safety Coun- of officers at the November meetcil, Chicago.
